

CYBER SAFETY POLICY

Cyber safety is the safe and responsible use of Information and Communication Technologies (ICT). It involves being respectful of other people online, using good 'netiquette' (internet etiquette), and above all, is about keeping information safe and secure to protect the privacy of individuals. Our Out of School Hours Care Service (OSHC) is committed to create and maintain a safe online environment with support and collaboration with staff, families and community. As a child safe organisation, our Service embeds the Child Safe Standards and continuously address risks to ensure children are safe in physical and online environments.

PURPOSE

To create and maintain a cyber safe culture that works in conjunction with our OSHC Service philosophy, and privacy and legislative requirements to ensure the safety of enrolled children, educators and families.

SCOPE

This policy applies to children, families, staff, educators, approved provider, nominated supervisor, students, volunteers and visitors of the OSHC Service.

TERMINOLOGY	
ICT	Information and Communication Technologies
Cyber safety	Safe and Responsible use of the internet and equipment/device, including mobile phones.
Netiquette	The correct or acceptable way of using the internet

IMPLEMENTATION

Cyber Safety encompasses the protection of users of technologies that access the Internet, and is relevant to devices including computers, iPads and tablet computers, mobile and smart phones and any other wireless technology (including personal wearable devices- smart watches). With increasingly sophisticated and affordable communication technologies, there is a candid need for children and

young people to be informed of both the benefits and risks of using such technologies. More importantly, safeguards should be in place to protect young children from accidentally stumbling upon or being exposed to unsuitable material or content.

Our OSHC Service has demanding cyber safety practices and education programs in place, which are inclusive of appropriate use agreements for educators and families. Our educational software program provides families with up-to-date information about their child's development in way of daily reports, observations, photos, portfolios and email communications.

The cyber safety agreement includes information about the software program, the Services' obligations and responsibilities, and the nature of possible risks associated with internet use, including privacy and bullying breaches. Upon signing the Service's agreement, families and educators will have access to the educational software program.

CCS SOFTWARE

Our OSHC Service uses Kidsoft which is a third-party software system to access the Child Care Subsidy System (CCSS). The software is used to manage the payment and administration of the Child Care Subsidy (CCS).

Review of CCS software: The approved provider will ensure the CCS software has policies and procedures regarding safe storage of sensitive data before using the software, the approved provider will review the privacy policy of the CCS software on a yearly basis or as required. The approved provider will review any potential threats to software security on a yearly basis. The director/nominated supervisor will advise the approved provider as soon as possible regarding any potential threat to security information and access to data sensitive information. Any breaches of data security will be notified to the Office of the Australian Information Commissioner (OAIC) by using the online [Notifiable Data Breach Form](#).

All Personnel using the software will have their own log in username and password. The approved provider will ensure all Personnel using the software will have their own log in username and password. Authorised users are encouraged to change their passwords every 6 months.

Each Personnel who is responsible for submitting attendances and enrolment notices to CCS will be registered with PRODA as a Person with Management or Control of the Provider or as a Person with Responsibility for the Day-to-Day Operation of the Service.

The approved provider will review staff log ins on a monthly/ yearly basis and ensure this procedure is followed by all staff who access CCS software to submit data to CCS. See: *Cyber Safety Procedure*

REVIEW OF CCS SOFTWARE PROCEDURE:

Review	How often	By Whom
All staff use an individual log-in to access CCS software	Upon employment, Yearly, As required	Approved Provider and Director/ Nominated Supervisor
Privacy policy of CCS software	Initial access to CCS software Yearly As required	Approved Provider
Any breaches of sensitive data relating to Enrolments	Upon notification	Approved Provider

CONFIDENTIALITY AND PRIVACY:

- the principles of confidentiality and privacy extend to accessing or viewing and disclosing information about personnel, children and/or their families, which is stored on the OSHC Service’s network or any device
- privacy laws are such that educators or other employees should seek advice from Service management regarding matters such as the collection and/or display/publication of images (such as personal images of children or adults), as well as text (such as children’s personal writing)
- a permission to publish form must be signed by parents/guardians to ensure children’s privacy, safety and copyright associated with the online publication of children’s personal details or work
- Department of Education Victoria guidelines are followed regarding issues of privacy, safety, and copyright associated with the online publication of children’s personal details or work
- all material submitted for publication on the Service Internet/Intranet site should be appropriate to the Service’s learning environment
- material can be posted only by those given the authority to do so by the Service management
- the OSHC Service management should be consulted regarding links to appropriate websites being placed on the Service’s Internet/Intranet (or browser homepages) to provide quick access to sites.

THE APPROVED PROVIDER/ NOMINATED SUPERVISOR/ MANAGEMENT WILL ENSURE:

- that obligations under the *Education and Care Services National Law and National Regulations* are met
- educators, staff, students, visitors and volunteers have knowledge of and adhere to this policy and associated procedure
- all staff, families and visitors are aware of the OSHC Service's *Code of Conduct and Confidentiality and Privacy Policies*
- the OSHC Service works with an ICT (Information and Communication Technology) security specialist to ensure the latest security systems are in place to ensure best practice. These can block access to unsuitable web sites, newsgroups and chat rooms. However, none of these tools are fool proof - they cannot be a substitute for active parental involvement in a child's use of the Internet.
- backups of important and confidential data are made regularly (monthly is recommended)
- backups are stored securely either offline, or online (using a cloud-based service)
- software and devices are updated regularly to avoid any breach of confidential information
- families are referred to the *Dealing with Complaints Policy* and procedure when raising concerns regarding digital technologies and personal data
- all staff are aware that a breach of this policy may initiate appropriate action including the termination of employment
- notification is made to the Office of the Australian Information Commissioner (OAIC) by using the online [Notifiable Data Breach Form](#) in the event of a possible data breach. This could include:
 - a device containing personal information about children and/or families is lost or stolen (parent names and phone numbers; dates of birth, allergies, parent phone numbers).
 - a data base with personal information about children and/or families is hacked
 - personal information about a child is mistakenly given to the wrong person (for example: child developmental report, confidential information)
 - this applies to any possible breach within the Service or if the device is left behind whilst on an excursion.

EDUCATORS WILL:

- ensure to use appropriate netiquette and stay safe online by adhering to OSHC Service policies and procedures
- keep passwords confidential and not share with anyone
- log out of sites to ensure security of information

- never request a family member's password or personal details via email, text, or Messenger
- report anyone who is acting suspiciously or requesting information that does not seem legitimate or makes you feel uncomfortable (See 'Resources' section for where to report)
- obtain permission for children to use computers is obtained by parent/guardians as part of the enrolment procedure
- ensure that children are never left unattended whilst a computer or mobile device is connected to the internet
- personal mobile phones are not used to take photographs, video or audio recordings of children at the OSHC Service or whilst participating on excursions (vacation care outings)
- only use educational software programs and apps that have been thoroughly examined for appropriate content prior to allowing their use by children
- provide parents and families with information about the apps or software programs accessed by children at the OSHC Service
- participate in professional development regarding online safety
- provide online safety for children by adhering to policies and procedures that align to the National Child Safety Principles- Child Safe Standards
- ensure that appropriate websites are sourced for use with children **prior** to searching in the presence of children
- ensure privacy filters and parental control settings are turned on and used when children are accessing digital technologies online

FAMILIES WILL:

- be aware that when sharing anything using technologies such as computers, mobile devices, email, or any device that connects to the internet, you and everyone else invited to your account understands about *netiquette* and staying safe online and ensures privacy laws are adhered to
- be aware that when it comes to your own children, it is your choice what you share outside of the OSHC Service. Remember though that young children cannot make their own decisions about what gets published online so you have a responsibility to ensure that whatever is shared, is in your children's best interests
- be mindful of what you publish on social media about your child as this may form part of their lasting digital footprint

- consider installing *Family Friendly Filters* to limit access to certain types of content on devices such as mobile phones and computers
- consider installing parental controls on streaming services to ensure children are not able to access inappropriate material
- consider developing a *Family Tech Agreement* to establish rules about use of devices at home be aware that sometimes other children in the Service may feature in the same photos, videos, and/or observations as their children. In these cases, families are never to duplicate or upload them to the internet/social networking sites or share them with anyone other than family members
- access further information about eSafety to help protect their children and be cyber safe.

CYBER BULLYING

Schools in all jurisdictions have policies related to bullying, including online, or cyber bullying. Our OSHC Service has a duty of care to children under various legislative frameworks to ensure the environment is safe, inclusive, respectful and free from risk of harm.

We reject all forms of bullying behaviour.

Cyber bullying will respond appropriately to cyberbullying by reporting this behaviour immediately to management and seek further advice from the police. Our OSHC Service implements strategies suggested through *Bullying. No Way!*

BREACH OF POLICY

Staff members or educators who fail to adhere to this policy may be in breach of their terms of employment and may face disciplinary action. Visitors or volunteers who fail to comply to this policy may face termination of their engagement.
