

EDUCATIONAL PROGRAM POLICY

Research accentuates that quality programs significantly influences children’s growth and development. We have the opportunity to construct a supportive learning environment and program, with inspirations from the children and families. This contribution can encourage children to feel a sense of control over their actions, interactions, to explore, be curious and test out their understanding of themselves others and the world around them.

PURPOSE

School age education and care programs are acknowledged in the National Quality Framework (NQF) as distinct from early childhood programs. Programs in school age education and care supplement children’s formal schooling. The program supports each child and young person’s continuity of learning by providing opportunities for active learning, social development and wellbeing and recreational or leisure activities. (ACECQA, 2023).

SCOPE

This policy applies to children, families, staff approved provider, nominated supervisor, students, volunteers, visitors and management of the Service.
